To Whom it may concern

Re: Official Distributor for Pall Energy Markets (Fuels, Chemicals, Refineries and Power Generation) of Pall Products in South Africa.

We hereby confirm that Applied Filtration Services (Pty) Ltd is the official and exclusive distributor for the *Pall Energy Markets (Fuels, Chemicals, Refineries and Power Generation) in South Africa*. As per the terms of Pall distribution agreement with Applied Filtration Services, it is valid till 13 June 2020

As per Pall Corporation's distribution model in South Africa for distribution and sale of its products, all products sold and distributed by Applied Filtration Services are covered under Pall Corporation Guarantees and Warrantees.

Additional services provided include Pall equipment and product support & training.

We would like to take this opportunity to thank you for your business and look forward to continuing our successful association for many more years.
